### Curiosity Cabinet | The Opening of the First Museum Art Exhibition

"Curiosity Cabinet: The First Museum Art Exhibition of the Magic City", co-sponsored by Shanghai Duoyunxuan Art Center, the art self-media platform Xiangwai and independent curator Dashi, officially opened on April 15.

"Cabinet of Curiosities" (Cabinet of Curiosities) is a collection form that originated from the Renaissance period. At that time, the curiosity cabinet's collection covered various fields such as biology, geology, archaeology, religion, and art. It was regarded as a micro-theater and memory hall to show the world, and it was also the original prototype of a museum in the modern sense. In the history of human collections, the Curiosity Cabinet records the evolution of science and civilization, and at the same time highlights the identity, wealth and knowledge of the collectors, and even secret hobbies.

This museum art exhibition will bring together nearly 100 artists, designers, collectors, artisans, specimen makers, museums and other cultural exhibitors from all over the country in Shanghai. The exhibition includes more than 5,000 exhibits in the main exhibition area and the derivative area. The exhibition deliberately blurs the boundaries between collection and creation, focusing on exploring the inextricable relationship between people and things. Most of the exhibited works are placed in cabinets and displayed in the form of "curiosity cabinets", in a more diverse contemporary cultural context. Next, we reinterpret the concept of "Curious Cabinet", an ancient form of collection-blog posts, ancient and modern, and

accommodating everything, bringing the audience a primitive exhibition experience like peeking into a cabinet: life is endless and curiosity is endless.

### 好奇柜 | 魔都首届博物艺术展开幕

由上海朵云轩艺术中心、艺术自媒体平台象外及独立策展人大石联合主办的“好奇柜：魔都首届博物艺术展”已于4月15日正式开幕。

“好奇柜”(Cabinet of Curiosities)是源自文艺复兴时期的一种收藏形式。在当时，好奇柜的收藏内容涵盖生物、地质、考古、宗教、艺术等各个领域，被视为一个展现世界的微观剧院以及记忆殿堂，也是现代意义上博物馆的最初原型。在人类的收藏历史中，好奇柜记录着科学与文明的演变，同时彰显着收藏者的身份、财富和学识甚至隐秘的癖好。

本次博物艺术展将来自全国各地近100位艺术家、设计师、收藏家、匠人、标本师，博物馆等不同文化领域的参展者汇聚上海，展览包括正展区与衍生区展品五千余件。展览刻意模糊收藏与创作的界限，着重探索人与物之间千丝万缕的关系，大部分参展作品都被置于柜中以“好奇柜”的形式陈列，在当代更加多元的文化语境下重新诠释“好奇柜”这一古老收藏形式的理念——博文古今、广纳万物，为观众带来一种如窥柜中的原始观展体验：生命不息、好奇不止。
